### **Kendall Talbot secures her first publishing contract**

Kendall had always dreamed of where she would be when she finally got the call- you know THE CALL - the one all aspiring author's wait for, the one that takes months and months, sometimes years to get. The call that changes them from a dreamer to an Oh-My-God-I'm-going-to-be-published screamer. Anyway her call wasn't even a call. It was an email, an email she just about deleted as another rejection email. She read it three times before she began screaming.

The Call came from Escape Publishing. The digital-first division of Harlequin Australia, for heart-stopping, sigh-inducing, happy-ever-after ebooks that deliver straight to your eReader! Life's finest moments are full of romance, and romance readers know what we want out of life. We want fresh, involving stories about exciting people simply meant to be together, no matter what. Kendall Talbot will deliver that.

Kendall Talbot is a writer, thrill seeker and a hopeless romantic. She's also a bucket list achiever who loves to travel. These experiences are what drives her passion for writing fiction. Kendall has travelled extensively, some 36 countries and counting. She loves adventures that make her scream... white water rafting, scuba diving with sharks and hang gliding are just a few. Her stories reflect her sense of adventure and her long running love affair with her very own hero.

Lost In Kakadu is due for release 1<sup>st</sup> August 2013
